Arzt+Pfusch, E-Coli 0157

creep through the valleys
i flow through the air
i pump through your veins
i'm the embodied despair
your blood turns to shit
i burn in your gut
2000 school children
their bodies will rot

i am E coli Zero One Five Seven
a messenger from hell im sent from heaven
i am E coli Zero One Five Seven
i burn in your entrails i'm not forgiving

stop and behold this
i plough through the dead
blood in their piss
brain seeping from their heads
no medicine allowed
i want you to die
you all will rot away
i'm evil in disguise
(evil in disguise evil in disguise I'm ecoli 0157)

i am Ecoli.....

am i plague- am i god
i am incense of burning hate
am i sickness - am i nihil
a nothingness the robberer of life
(the robberrer of life a nothingness)

a barbacue surprise
i take you from behind
a kinder egg from hell
i'm one of a kind (x2)
hahaha!
