

# Juicy J and Wiz Khalifa, Blaze Up

I just rolled up a J, smokin' weed every day  
Don't pass to fuck niggas  
Y'all know what's up with us  
McQueen in my cup  
Teach her to roll it up  
Keep me a J stuffed  
Got it, then blaze up  
Low rider raised up  
Know where I came from  
Straight from the 'Burgh, nigga  
Ride with my day one's  
Spend it but save some  
Hit but don't claim none  
Engine got somethin' in it  
My business, I gotta run

You know that it's Taylor Gang, my chain shinin' like the sun  
Told you over and over that we gon' ride until it's done  
My driver be in the front  
I'm in the back but it's hard to relax  
These lil' niggas don't know how to act, tryna be like Cap  
Fuck around, catch a heart attack  
Fuck around, leave and won't come back  
Ride for my team, won't turn my back  
Make a move first, we gon' react
