Wooden weapon on you, bust back  
Wanna come where I'm from? Pay tax  
Tryna hit my bong and relax  
They don't want me to relapse  
A-100 they act  
James Brown, this the payback  
It ain't just about a paycheck  
Nigga, I got a kid that  
I gotta teach that  
If someone take from him, gotta get it back  
Plus I'm tryna keep him off the internet  
You fools ain't cut like me  
It's going down, then frontline me

Need a life if you don't like me  
The kids wanna be just like me  
Ain't got time for them fake conversations, all work, not complacent, I need something real  
Fuck destroying shit, we tryna build  
Police killing us, we smoking kill  
Grab my papers, don't got it, I'll make a way  
Focused on the impact that I'll make today  
Only L I'ma take is a lesson  
Gotta be 1-0-0, no questions
