

# Lanberry, Only human

You like me when it rains  
Coz, baby, I get wet  
You know I love to hate  
And you don't have regrets  
Like the tragedy  
Then my heart break  
What you want to need?  
Addicted to the pain

We're only human  
We're not perfect  
So cut me open  
Pay me on to your bag  
Caught in the moment  
Restless and broken  
WE'RE ONLY HUMAN  
THE One said, THE PERFECT ONLY  
Human  
We are only human

I like the hurricanes  
You're raging from the stars  
And you push me away  
It only makes me want you more  
I love the way it hurts  
It makes me come alive  
I feel you inn my veins  
You set my heart on fire

We're only human  
We're not perfect  
So cut me open  
Pay me on to your bag  
Caught in the moment  
Restless and broken  
WE'RE ONLY HUMAN  
THE One said, THE PERFECT ONLY  
Human  
We are only human

I need you  
Pray you  
Your loss  
When I need like drug  
Addicted to you

We're only human  
We're not perfect  
So cut me open  
Pay me on to your bag  
Caught in the moment  
Restless and broken  
WE'RE ONLY HUMAN  
THE One said, THE PERFECT ONLY  
Human  
We are only human
