Doro, Heaven With You

I'm just like you
And I've got a heart that's searching
Tell me - is it true?
Is that my fire behind your eyes?
And when you look at me
Do you really like what you see?
Do you want somebody
Do you want somebody like me?
Could you love somebody
With a heartshaped, a heartshaped tattoo?
It's a part of me
And while the world keeps changing
This heart will be
Always there for you
And when you look at me
Do you really like what you see?
If you want somebody
Do you want somebody like me?
Could you love somebody
With a heartshaped, a heartshaped tattoo?
Oh no - I can't let you go
'Cause you burned into my soul
Do you want somebody
Do you want somebody like me?
Could you love somebody
With a heartshaped, a heartshaped tattoo?
Yeah do you want somebody like me?
Could you love somebody
With a heartshaped, a heartshaped tattoo?
Yeah do you want somebody like me?
Could you love somebody
With a heartshaped, a heartshaped tattoo?
