

Migos, Trust Nobody

Yeah
Yeah
I don't trust nobody
No
I don't trust nobody
Uh, go

Running 'round the lobby, fucking with the bitches
I keep the extension, cause I don't trust these women
Geeking off a Scotty, running 'round the lobby
I don't trust nobody, I don't trust nobody
I'll let you be the witness
Young nigga strapped with extensions
I don't trust these niggas, I do not trust these bitches
I don't trust nobody
I don't trust nobody
I don't trust nobody
I don't trust nobody

I do not trust these women
I'm gripping the strap when I'm pissing
I know that she fucking and sucking the squad, you know I'm not kissing
You be the witness
My wrist a tornado, that's a migo fitness
We mean the bidness, shout out to DJ Victoriouz, Longway he be crippling
LA fitness, on the treadmill chasing Benjamins
Got a thousand in your pocket, must be kidding me
I'm taking the trips out to Italy
I finger fuck the pot literally
Take a look at me nigga, remember me
I'm taking trips out to California and you know that I'm shopping in Beverly

Running 'round the lobby, fucking with the bitches
I keep the extension, cause I don't trust these women
Geeking off a Scotty, running 'round the lobby
I don't trust nobody, I don't trust nobody
I'll let you be the witness
Young nigga strapped with extensions
I don't trust these niggas, I do not trust these bitches
I don't trust nobody, I don't trust nobody
I don't trust nobody, I don't trust nobody

All I smoke is gas bags, just AK's and red flags
Made white girls love dreadlocks
Phantom Ghost from a hotbox
My lil niggas don't need much, all they catch is bodies
Didn't forget about it
Hop out, make all the profit

Hop out, make all the profit
Bomb in my left pocket, right pocket rocket
She give me sloppy topsey and I'm cocky
The block is so hot like a bag of tackies
Come to the north, it's a migo community
We go by unity, now we on MTV
You gon' notice me, check your boy Louie V
I'm dragging my Louboutin, fuck it, the mud on me

Running 'round the lobby, fucking with the bitches
I keep the extension, cause I don't trust these women
Geeking off a Scotty, running 'round the lobby
I don't trust nobody, I don't trust nobody
I'll let you be the witness
Young nigga strapped with extensions

I don't trust these niggas, I do not trust these bitches
I don't trust nobody
I don't trust nobody
I don't trust nobody
I don't trust nobody
