B2K, Girlfriend (Ron G Remix)

I got everything I want in my life except a girlfriend
Just coped a Bentley and it's parked in my garage
It's 2:00 I'm pullin' in for my massage
And everywhere they know just who we are
There they go, it's them Ghetto Superstars
The latest throwbacks and them ones on my feet
Get out the Benz and then I'm off up the jeep
Takin' flicks with chicks that look like Alicia Keys
All of that I'm still missing one thing
A girlfriend, girlfriend
I need a girlfriend, girlfriend
Girlfriend, girlfriend
Would you be my girlfriend, girlfriend
We hit the mall, I buy you Prada Nike Suits
I'm being pampered while I'm chillin' by the pool
From the show to the Limo to the club
And to the end showin' nothin' but some love
Got plenty clothes plenty ice plenty cash
I'm pretty soul, pretty abs, pretty shh
I got every single thing that I need
Except for a main squeeze
Girlfriend, girlfriend
I need a girlfriend, girlfriend
A girlfriend, girlfriend
Would you be my girlfriend, girlfriend
Tell me who's gonna be my girlfriend
And who out there needs a real man
And who's gonna ride or die for me
Who's gonna give B2K what they need
I need a thick with big hips, that's just my motivation
No more game preparation, this is pimperation
She must be ready and steady for a romance session
I'm talkin' willin' to learn a lil' fizz lesson
Now she playin' it again and now we argurin'
Talkin' girls, talk mess and tellin' all her friends
But I seen this new chick tonight
And I'ma make her my girlfriend my girlfriend
Girlfriend, girlfriend
I need a girlfriend, girlfriend
A girlfriend, girlfriend
Would you be my girlfriend, girlfriend
Girlfriend, girlfriend
I need a girlfriend, girlfriend
A girlfriend, girlfriend
Would you be my girlfriend, girlfriend
