Glenn Hughes, Push!

Make you wanna do it
Well, I could be wrong and I would be right
But my mind's made up - now I see the light
I have walked the streets 'til the break of day
Won't you come to me, won't you look my way
Sing - ah ya ya ya ya

Now the way you talk, put me in a trance
Got me all fired up, make me jump the fence
I have seen the future, I have seen the past
Gotta keep on movin', I was built to last

I will be your brother, father, mother too!
I will be the one, I'm gonna put a spell on you

Make you wanna push
Don't you wanna do it
Make you wanna push
Don't you wanna do it
Sing - ah ya ya ya ya

Since I've been away, now you'll surely find
I'm gonna make you love me in a seconds time
I will pick you up, I will turn you around

Baby, here I come, I'm gonna shake the ground

I have been a sinner, so take me by the hand
I will be elected in a distant land
I will be your brother, father, mother too!
I will be the one, I'm gonna put a spell on you

Make you wanna push
Don't you wanna do it
Make you wanna push
Don't you wanna do it
Sing - ah ya ya ya ya

I have been a sinner, so take me by the hand
I will be elected in a distant land
I will be your brother, father, mother too!
I will be the one, I'm gonna put a spell on you

Make you wanna push
Don't you wanna do it
Make you wanna push
Don't you wanna do it
Sing - ah ya ya ya ya
