Good Charlotte, Superman Can't Walk

You call yourself a lois lane and you're in pain and I'm insane
You don't want my help you don't need my help
I watched you fall down from the sky but I won't cry
I'll just sigh who is gonna save you
Yeah I've heard the talk superman can't walk
And who is gonna save you when your superman can't walk
I saw him just the other day in physical therapy
Sitting in a wheel chair you know I had to stare
And all your friends they think I'm sick they think that I'm insensitive
They don't like the fun I'm poking don't they know I'm only joking yeah
I've heard the talk superman can't walk
And who is gonna save you when your superman can't walk
Call me what you will
I'm doctor evil
Call me what you want
Superman can't walk
And all your friends they think I'm sick they think that I'm insensitive
They don't like the fun I'm poking don't they know I'm only joking
Yeah I've heard the talk superman can't walk
And who is gonna save you when your superman can't walk
