Jeff Scott Soto, Believe In Me

Just relax & stay a while
I feel the need 2 show u my design (my design 4 u)
Ease concern, my curious child
I plan 2 take u 2 a whole new world (new world just 4 2)

If u believe in me 2night
U're not the vow that I will fight
2 do everything I need 2 make u understand (this I swear 2 u)
Sacred as everything I feel
I am the love that u must steal
& 2gether we can seek the promised land

Nothing I won't do (oh no, my love)
My love belongs 2 u
Say u wanna come along with me 4 a ride
Tell me that u wanna know the meaning inside
U'll never really know
I'll never let u go
All the signs r there 2 let me in
I feel the time is right, now let begin

In the shadows of divine
I live 2 hold your body 2 close 2 mine (each & every day)
I owe it all 2 the wishing well
I used 2 doubt, but any fool can tell (what more can I say?)

If u believe in me 2night
U're not the vow that I will fight
2 do everything I need 2 make u understand (this I swear 2 u)
Sacred as everything I feel
I am the love that u must steal
& 2gether we can seek the promised land

Nothing I won't do (oh no, my love)
My love belongs 2 u
Say u wanna come along with me 4 a ride
Tell me that u wanna know the meaning inside
U'll never really know
I'll never let u go
All the signs r there 2 let me in
I feel the time is right, now let begin

Won't u let me in2 the dreams u know so well
& as far as I can tell?
U can believe in me, believe u me
I could never let u down, I will always b around
Believe in me

If u believe in me 2night
U're not the vow that I will fight
2 do everything I need 2 make u understand (this I swear 2 u)
Sacred as everything I feel
I am the love that u must steal
& 2gether we can seek the promised land

Believe in me 2night
