

# Shakaya, Mr Dj

## Chorus

Mr DJ DJ, Playin' this song  
Mr DJ DJ, All night long  
Mr DJ DJ, We get along  
Mr DJ DJ, We can't go wrong

I gotta lil somethin' for ya  
I gotta lil somethin' for ya  
DJ DJ (x2)

## Verse 1 (Naomi)

DJ Play this song  
All night long  
And I'll be like  
I'm never gonna be gone

Coz the beat is strong  
I know I belong  
In a place like this  
And I know that it can not be wrong

I see a man  
He likes to stare  
I know he better prepare  
Coz he knows I will compare him to the rest  
I look for the best  
With a smile like that  
you better not be dancing with both feet on the left

## Chorus

## Verse 2 (Simone)

You smile at me  
I smile at you  
You wanting me  
And I'll be wanting you too

Give me energy  
With your melody  
I'm in ecstasy  
Every time I get close to you

So DJ do you like the way  
I'm movin' to the freaky beats that you play  
Is it okay  
The cat's away  
Mice to play  
I got the hots for you DJ DJ  
It's never enough for me DJ DJ

## Chorus

## Bridge

Hey DJ keep the music pumpin' tonight  
Can't you see we all want to break it down  
There's hype in the air  
Everyone's there  
We want to break it on down, break it on down tonight Mr DJ  
(break it on down tonight Mr DJ)

Chorus (x2)
