Got so many tats  
You can't even count 'em up  
In the shop every week  
I can't seem to get enough  
My aunt say  
My skin too clean to mark it up  
But I'mma  
(Ink my whole body, I don't give a motherfuck)  
I'm blowing purp  
No shirt  
Windows down  
Screaming "Cash rules"  
Showing off my tattoos  
Hoes spazzing when they see me  
Run up on me starstruck  
Asking can they read me  
Seen Matt and told him "Sleeve me"  
Heard your man got a star tatted  
Tryna be me  
I make it look easy  
People say I'm crazy  
Body marked up like a wall in the 80s  
Speakers scream loud like a car full of babies  
Chain's so sick, think my charm came with rabies  
All I heard these days is  
(I think you're going overboard with it)  
I ain't addicted, I'm committed  
It's Wizzle man

Ink my whole body  
I don't give a motherfuck  
Ink my, ink my whole body  
I don't give a motherfuck  
Ink, ink my whole body  
I don't give a motherfuck  
Ink, ink my whole body  
Ink, ink my whole body  
Ink my whole body  
I don't give a motherfuck  
Ink my, ink my whole body  
I don't give a motherfuck  
Ink, ink my whole body  
I don't give a motherfuck  
Ink, ink my whole body  
Ink, ink my whole body

I got stars over here  
Little star over there  
Stars everywhere

'Cause nigga it's star year  
The name star power  
My jewelry is star bright  
The tat on my face  
Say I'm living the star life  
And by the way  
You know it's Taylor Gang  
Soon as you see us  
I'm inked up  
From my feet up  
I keep blunts flickin'  
New tats itchin'  
Black Chucks coppin'  
New shit droppin' (Star power)  
I'm the one they call young  
Body marked up like a subway in Harlem  
Niggas say that's hard  
White people think it's awesome  
Chest, neck tatted  
Whole sleeve on my arm done  
They say I look like Tyga man  
I put some lime in the Swisher Sweet  
And twist it all up  
Can't wear a shirt, the bitches lift it all up  
I'm tatting my body 'til I filled it all up
