

# Wiz Khalifa, Weed Roller

It's your boy Mr. EZ Wider  
And there's nothing I love more  
Then to come home to a nice fat, bold blunt  
And if you feel the same, call up

Shes my weed roller  
And when I'm with her guarantee I'm never sober  
She know exactly what I need she keep them swishers  
The way she rolling up that weed I gotta keep her I gotta keep her

That's good weed and she knows so she don't fuck up my swisher  
She roll that thing that hit hard like a kicker  
I hit the bed and then I get to twist her  
Just like my swisher  
And she's my weed roller  
A 50 box she rolled 'em I was like damn  
She lit the first one up like you know who I am  
My weed roller  
She's only good for three blunts then it's over

Shes my weed roller  
And when I'm with her guarantee I'm never sober  
She know exactly what I need she keep them swishers  
The way she rolling up that weed I gotta keep her I gotta keep her

She know I need that weed as soon I come home off the road  
To make it easy on me she got one already rolled  
A nice long swisher  
And shes a good twister  
Yeah I got one that will roll my weed for me  
And she don't smoke so that's more weed for me  
No I can't front this shawty got me impressed  
Make a cigarillo look like a cigarette

Shes my weed roller  
And when I'm with her guarantee I'm never sober  
She know exactly what I need she keep them swishers  
The way she rolling up that weed I gotta keep her I gotta keep her
