Coldplay, Daylight

To my surprise
And my delight
I saw a sunrise
I saw a sunlight.
I am nothing
In the dark
And the clouds burst
To show the daylight
Oooh and the sun will shine
Yeah on this heart of mine
Ooooh and I realise
Who cannot live without
Ooooh come apart without
On a hilltop
On a sky-rise
Like a firstborn
Child
And at full tilt
And in full flight
Defeat darkness
Breaking daylight
Oooh and the sun will shine
Yeah on this heart of mine
Ooooh and I realise
Who cannot live without
Ooooh and come apart without
Daylight
