Craig David, Fast Cars

Fast cars,
Fast women,
Speed bikes with the nitro in them,
Dangerous when driven,
Those are the type that I be feeling [x2]

Sitting there while I observe,
I like your lines I love your curves,
Checking out your bodywork,
How can I get with her,
Your the one that I want,
Do anything to turn you on,
Somebody please just pass the keys so you can take a ride with me

I'm on a mission,
First thing disarming your system,
Next thing slip the key in the ignition,
Just listen,
To the way that you purr at me you know you prefer the speed
When your back starts dipping,
Wheel spinning when the gears start shifting,
I'm sticking til the turbo kicks in
You know that I'm missing,
Got me moving so fast you got me missing the flash a 5.0,

Feel the ride feel the rush,
The moment I tease your clutch,
Reacting to my every touch,
Were shifting down or tearing up,
I don't care where we go,
To burn you out's the end result
You're dealing with a professional
I'll spin your round just to let you know

I'm on a mission,
First thing disarming your system,
Next thing slip the key in the ignition,
Just listen,
To the way that you purr at me you know your as perverse as me,
When your back starts dipping,
And I'm unaware of the limits I'm hitting,
Blurred vision in a critical condition,
Could blow the transmission,
Got me moving so fast you got me missing the flash a 5.0,

Body like a race car,
You got the curves like Jaguar,
Acceleration like a Yamaha,
I like the way you perform when I'm turning you on,
Feel it when I revving you,
Smoother than a Daimler
You handle like a Lancia

I like the way you perform when im turning you on
