Jenny O, Earth Has Won

So you're spent
and all your images fall to the ground
and there's only one thing to be done
Is it fun? Is it sound?

Did you know that you can do anything that you want?
And you can say anything that you think
.....smiled could be right.

And we laugh about it now
but i think there's a price to pay
Tell me when the earth has won

Don't you recall
all the years that you spend on the mall
and is there nothing left to gain

And we laugh about it now
but i think there's a price to pay
Tell me when the earth has won
(Tell me when the earth has won)
(Tell me when the earth has won)
(Tell me when the earth has won)
