Elbow, Gentle Storm

I’ll fly swift and true straight to you
Like an arrow
Just to be where you lie
Meet my quest
Di my shambling best to be near you
Where you lie
I’ve found peace in your arms

Gently storm
Rage my way
Fall in love with me /3x
Everyday

Counting down
Now, the clocks reset when I met you
Do we start a new life?
Yours and my spit-shone restless hearts
They were meant to
Beat one time
Share one fate
From this day

Gently storm
Rage my way
Fall in love with me /3x
Everyday
