Ricky Martin, Amor

Amor, only in a dream
I ever thought you'd find me
Amor, fell into a kiss
And left the world behind me

Wasy to believe my lies
And never know it
Easier to throw it away
Now I look into her eyes
And I can see it
I know the reasin ti stay
Although they say

[Chorus:]

"Deja, deja...
Cuidado que te quema"
They'll say it over again
"Amor te quema"
Pero, deja
Lo hago por ella
I'd do it over again
Solo por ella

Amor, never was a touch
Enough to just persuade me
Amor, now that I can feel my heart
My thoughts evade me

Easy to believe my lies
And never know it
Easier to throw it away
Now I look into her eyes
And I can see it
I know the reason to stay
Although they say

[Repeat Chorus]

[solo]
Easy to believe my lies
And never know it
Wasier to throw it away
Now I look into her eyes
And I can see it
I know the reason to stay
Although they say

[Repeat Chorus]
