Ricky Martin, Love Yuo For A Day

Qu ser oh qu ser
The future will be,will be with us
i've seen the headlines
in the paper
they say the end is coming soon
i wanna make love till it's over
if i'm goin' down it'll be with you
CHORUS:
let me love you for a day
let me have you for a night
let me take you far away
into forever...ay,ay,ay
i don't wanna let you go
nena yo...
let me undress your soul
ay,ay,ay...
i can take you to another world
never go
let me take you home tonight
qu ser oh qu ser
as the countdown's getting closer
there is madness in the air
i wanna be under the covers
baby,in your arms without care
REPEAT CHORUS:
qu ser oh qu ser
the futurewill be,will be with us
letme love you for a day
let me have you for a night
let me take you far away
let me love you for a day
let me hold you through the night
i know my love will make you stay
with me forever...ay,ay,ay
i don't wanna let you go
nena yo...
let me undress your soul
ay,ay,ay...
i can take you to anotherworld
never go
let me take you home tonight
