Ministry, Lockbox

Owe more than money
Owe more than time
Payment required
Punished for your crimes
No point in running

You'll be hunted down
Do yourself a favour
Stop fucking around (3x)

Payment is deliverence
Then you want more
You set the deadline
You start the war (2x)

In my lockbox is me
In the lockbox... I'm free

You pay (6x)

You want confrontation
Come to my door
Welcome to my lockbox
Forever more

Want retribution
Take what is mine
Made my restitutions
You're next in line

In the lockbox is me (echoes and repeats)
In the lockbox I'm free
I'm free (repeats)
