Ministry, The Light Pours Out Of Me

Time flies
Time crawls
Link an insect up and down the walls

The light pours out of me [x2]

The conspiracy of silence
Ought to revolutionize my thought

The light pours out of me [x2]

The cold light of day pours of of me
Leaving me black and so healthy

The light pours out of me [x2]

It jerks out of me
Just like blood
In this still life
Heart beats up love

The light pours out of me
Pours out of me....
