

100 monkeys, Drunken Waltz

This dream I had
I was wrapped in a bag
Something caught me
Till I fell empty
Till I was empty
And it drains me
If you are what you eat
If you are what you eat
Baby I'm afloat of whisky I think
All that I ever eat
Drink my whisky with me
Drink my whisky with me
Drink my whisky with me
Drink my whisky
Come drink this whisky with me
Drink the whisky
If you are what you eat
If you are what you eat
Maybe you (? ? ?)
Come drink the whisky with me
With me
Come drink the whisky with me
