Whitesnake, Help Me Thro The Day

Help me through the day,
Help me through the night.
Baby your sweet loving
Will make everything all right.
Help me through tomorrow
When stormy weather comes.
Lord make me realize
That youre my woman.
I can see so much pain
Deep inside your eyes.
I know the feeling,
Someone hurts you
When someone makes you cry.
Help me through the day,
Help me through the night.
Babe you make me realize
Youre my woman.
(Solo)
Help me through the day,
Help me through the night.
Baby your sweet loving
Will make everything all right.
Help me through tomorrow
When stormy weather comes.
Lord make me realize
Youre my woman,
Youre my woman.
Help me through the day
And be my woman,
Help me through the night
And be my woman...
