Lara Fabian, Sally Dworsky

Love is so moving as it turns around you
Your heart never figures out how love found you

Love's aftermath stage
'one of the lonely'
You're only a number
left counting the days.

Turning circles, Turning circles
Never knowing what keeps you apart

Turning circles, Turning circles
Turning circles around your heart

She turns circles, Turning circles
Loves after tonight into hearts

Turning circles, Turning circles
She's turns circles around your heart
