Mercyful Fate, Evil

I was born on the cemetery
Under the sign of the moon
Raised from my grave by the dead
I was made a mercenary
In the legions of Hell
Now I'm king of pain, I'm insane

You know my only pleasure
Is to hear you cry
I'd love to hear you cry
I'd love to feel you die
And I'll be the first
To watch your funeral
And I'll be the last to leave
I'd love to hear you cry

And when you're down beyond the ground
I'll dig up your body again
And make love to shame
Oh lady cry, and say goodbye
Oh lady cry, and say goodbye

You've gotta say goodbye
'Cause I will eat your mind
