Roxy Music, Always Unknowing

(Ferry)

Following the morning star
But there´s no sense
In always running
Take what you want to know
Just give me time
Always unknowing
World passing by
That´s how it looks
Always unknowing
Don´t you leave my side
There is no sense
In always running
Just one more time
Is all I need
Always unknowing
Hold back tonight
With your sight
Always unknowing
