Alabama, Will You Marry Me

I come here today, I'm kind of nervous
You know how words get in my way
It should come easy, I've been rehearsing
I don't know why I'm so afraid to say
Will you marry me? Put our love and life together
Will you stay with me for always and forever?
On bended knee, would you take this ring?
Will you marry me, please? Will you marry me?
To be with you is what I live for
But at this moment I confess, yes yeah
Though I love you, God knows I love you
Deep down inside I'm scared to death, say yes
Will you marry me? Put our love and life together
Will you stay with me for always and forever?
On bended knee, would you take this ring?
Will you marry me, please? Will you marry me?
On bended knee, on bended knee
Would you take this ring? I will take your ring
Will you marry me, please? Will you marry me?
