Muse, Will Of The People

The will of the people
The will of the people
The will of the will of the
Will of the people
The will of the people
The will of the will of the
Will of the people
The will of the people
The will of the will of the
Will of the people
The will of the people
The will of the will of the

Let's push the emperors into the ocean
The will of the people, the will of the people, the will of the will of the
Don't need a gun to flirt with devotion
The will of the people, the will of the people, the will of the will of the
With every hour our number increases
The will of the people, the will of the people, the will of the will of the
We'll smash your institutions to pieces
The will of the people, the will of the people, the will of the will of the

We need a transformation
One we all can see
We need a revolution
So long as we stay free

The will of the will of the

Welcome to the desecration, baby
We built you right up and we'll tear you down
Welcome to the celebration, baby
The chances are turning, the future is ours

Free your sons and unlock your daughters
We'll throw the baby out with the bathwater
With every second our anger increases
We're gonna smash a nation to pieces
The will of the people, the will of the people, the will of the will of the

We need a transmutation
One we all can see
We need a revolution
So long as we stay free

The will of the will of the

[Chorus]
Welcome to the desecration, baby
We built you right up and we'll tear you down
Welcome to the celebration, baby
The chances are turning, the future is ours

[Bridge]
The will of the people
The will of the people
The will of the will of the
Will of the people
The will of the people
The will of the will of the
Will of the people
The will of the people
The will of the will of the
Will of the people

The will of the people
The will of the will of the
Will of the people
The will of the people
The will of the will of the
Will of the people
The will of the sheeple
The will of the will of the
Will of the people
The will of the people
The will of the will of the
Will of the people
The will of the people
The will of the will of the

Welcome to the desecration, baby
We built you right up and we'll tear you down
The will of the will of the
Welcome to the celebration, baby
The chances are turning, the future is ours
The will of the will of the
