The Beatles, What'd I Say

Hey mama don't you see me wrong
I come and love you daddy all night long
Alright hey hey hey hey
See the gal with the diamond ring
She knows how to shake that thing
Alright hey hey hey hey (play the thing)
See the gal with the red dress on
She knows how to do it all night long
Alright hey hey hey hey
Well tell your mama, tell your pa
Gonna send you back to Arkansas
Alright hey hey don't do it right now
(Play it now, play that instrument)
When you see me in misery
Well you see me in misery
Well baby save my fee
Alright hey hey hey hey
Oh tell me what'd say
Tell me what'd I say...
