Alice Cooper, Damned If I Do

Im gonna sign my name
to full confession.
It seems the woman I loved last night
belongs to another man.
They like to take you home;
they like to purr and tease you.
but Im a passionate man,
and I couldnt leave her alone.
Cause you are damned if you do,
damned if you dont;
damned if you will,
damned if you wont.
Sometimes they look so good,
but dont you letem deceive ya.
Cause then you find out that they got
some kind of a venomous mind.
And the thing thats worse
is that it all seems worth it.
Im still a passionate man,
and she wouldnt leave me alone.
If you think that being a stud is easy,
well, now dont ask me, boys;
I wouldnt know.
Im a little slow.
And you are damned if you do,
and damned if you dont;
you are damned if you will,
and your damned if you wont.
If you think that being a stud is easy,
well, now dont ask me, boys;
I wouldnt know.
Im a little slow.
Gonna sign my name
to full confession.
It seems the woman I loved last night
belongs to another man.
They like to take you home;
they like to purr and tease you.
and Im a passionate man,
and I couldnt leave her alone.
Cause you are damned if you do,
damned if you dont;
damned if you will,
damned if you wont.
damned if you do,
damned if you dont;
damned if you will,
damned if you wont.
Ill be damned
