

# 10CC, Age Of Consent

I want to meet you at that restaurant  
The one you love it's got a pretty front  
What a front  
The girls are holding hands  
It's a treat to indulge  
Or we can sit awhile and look around  
Look around, round round  
Look around, round round

This is the age of consent  
You don't have to be coy  
This is your own pleasure bent  
We are here to enjoy everything  
Everything that the traffic allows

We touch each other then we sip the wine  
We smile and nod together, this is fine, it's so fine  
Come on in the water's fine  
We can jump right in  
Or we can look around and bide our time  
Look around, round round  
Look around, round round

This is the age of consent  
But you don't need to shout  
This is your own pleasure bent  
We are here to enjoy everything

I'm not holding you back Heaven's sake  
Have you got to jump out of the cake  
I don't want your endeavours to fail  
But that pouch has got a sting in the tail  
Sting in the tail

This little place has got me in a trance  
We're getting closer but it's just a dance, just a dance  
The band won't make a sound  
We can warm it up  
Or we can hold it back and look around  
Look around, round round  
Look around, round round

This is the age of consent  
But you don't need to shout  
This is your own pleasure bent  
We are here to enjoy everything  
Everything can be yours, but don't shout....
