# Andrew Lloyd Webber, Finale

Phantom:
Masquerade,
paper faces on parade
masquerade
hide your face
so the world will never find you
Christine, I love you.
Christine:
Say you'll share with me
one love, one lifetime
Phantom:
Say the word
and I will follow you
Christine:
Share each day with me
each night, each morning
Phantom:
You alone can make my song take flight
Its over now, the music of the night.
