Whitesnake, Peace Lovin Man

You changed your reason
With a wave of your hand
Fill me with wonder like a child
Cause you never understand
Its a son of it stays the same
When its over
Its a crime to deny
When its gone
Cause youre only fooling yourself
And nobody else
Its a sin to carry, ton (?)
If you want to meet her later
You whisper my name
I say I never want to use you for your love
But you come in and make it the same
Its a son of it stays the same
When its over
Its a crime to deny
When its gone
Cause Im a man
A peace lovin man
Im so blind to
Hold it inside
While I feel border line
Peace lovin man
Oh peace lovin man, peace lovin man
(Break)
Its a son of it stays the same
When its over
Its a crime to deny
When its gone
Cause Im man
Baby Im a man
Peace lovin man oh
Im a peace lovin man baby Im a man
Im a peace lovin man I cant use you anymore
Im a peace lovin man babe Im a man
Peace lovin man
