Radiohead, Happy Song

heard all about you
well, hello
let me shake you by the hand
just want to say thankyou
at least some one has this whole thing sorted out now
at least some one has the right idea
my head is clear
i can see through all the dirt now
my eyes are clear
i can put my see right now
ah yeeee happy song
(come on and talk about it)
ah yeeee happy song
(this is a happy song)
tell me what im doing when i burn your house down
tell me what im doing when i call off all the plans
someone's gotta know what the hell is going on now
someone's gotta know the truth, to all of this
my head is clear
i can see through all the dirt now
my eyes are clear
i can put my see right now
ah yeeee happy song
(come on and talk about it)
ah yeeee happy song
(this is a happy song)
ah yeeee happy song
(come on and talk about it)
ah yeeee happy song
(this is a happy song)
ah yeeee happy song
(come on and talk about it)
ah yeeee happy song
(this is a happy song)
ah yeeee happy song
(come on and talk about it)
ah yeeee happy song
(this is a happy song)
ah yeeee happy song
(come on and talk about it)
ah yeeee happy song
(this is a happy song)
