Running Wild, Soldiers Of Hell (Live)

Black shadows 'n' black horses
Dark warriors out of hell
Mighty and evil
Reflexion of an ancient tale

A gang appears beside you
They're the men you have to scare
You see their axes shining
And their long black hair

Soldiers of hell

Whiplashes, swordstrokes
The avaricious tyrant dies
Shining axes 'n' shining spears
Black faces with mean red eyes

A gang appears beside you
They're the men you have to scare
You see their axes shining
And their long black hair

Soldiers of hell
