Rx Bandits, Valentine's Day

Sometimes I get that feeling now,
I can feel you coming back again.
How'd we end up this way?
All that i ask is that one-
One day you'll, look back think of me now,
Maybe Valentine's Day.

You said it meant nothing to me.
Life is just such a mystery.
I think I'm crazy and I might.
You know you brought me back to life.

I can hear you in the silence;
I can see you in the darkest light now;
It could work someday.
I know the sun will come out;
I know the world will go around now;
That's the price we'll pay.

You said it meant nothing to me.
Life is jsut such a mystery.
I think I'm crazy and I might.
You know you brought me back to life.
