Sadist, Den Siste Kamp

last day
you can feel it coming
the liberating singing
this ever - waited moment
first and last scream
surrounded by an icy earthquake
of a nature sick of
your challenge longing
ragnark ... it's the day!
ragnark ... now i know!
rage is not enough
hate is not enough
feelings chained from the beginning
what has been ...
nothing more matters
winning is not enough
killing is not enough
a triumph that erases all
bleeding universe
back to a silent nothingness
shapeless chaos ... while now ...
ragnark ... what a day!
ragnark ... "finally has come"
.. everything burns!
