# American Hi-Fi, Save Me

I've been so low
Yeah I've been so strung out
Can you picture this?
I'll take you something
It's better then nothing, anything
That you've got to give

I can't let you go
I don't want you to know
I've been down so low
Could you save me?
I'll fight my way
Just to hear you say
If you go up in flames
could you save me?

The more you whisper
The words keep stinging me in my ear
We're never gonna be the same
Sunshine, fading, and black sheets
Raining down on me
They cover up everything
