Isn't This Better
Fanny
I loved the man
Truly i did
When he would touch me i act like a love-hungry kid
Isn't this better
Somebody nice somebody new
Someone who lets me react as i normally do
Isn't this better
Better
Passion is fine but passion burns fast
Passions design seems never to last
Better a match better a blend
Who needs a lover i need a friend
Now i am calm save and serene
Heartache and hurt are no longer a part of the scene
Isn't this better
The way it should be
Better for him
And also much better for me
Isn't this better
Better
Passion is fine but passion burns fast
Passions design seems never to last
Better a match better a blend
Who needs a lover i need a friend
Now i am clam save and serene
Heartache and hurt are no longer a part of the scene
Isn't this better
The way it should be
Better for him
Much better for him
And also much better for me
