Andrea Corr, Shame On You

You left me thinking what a bore
I'm always stuck inside
I've got a feeling there is more
Than I've been left behind
A lot of pain a lot of noise
That these four walls hide
Happy faces go to war.
And dance upon the mines

Chorus
Come join come join come join us
Your barely young come join us
Youd be a man come join come join us
You're big and strong come join us

You planted me in foreign ground
A pen within a hand
At least I am not on my own
In hell I have a friend
I know I find (innocence) ashamed?
It isn't my crusade
Dirty faces in a war
Asleep in open graves

Come join come join come join us
Your barely young come join us
You'll be a man come join come join us
Your big and strong come join us
Shame on you shame on you shame on you
To keep my love from me-shame on you
Shame on you shame on you
To keep my love from me
Shame on you shame on you shame on you
To keep my love from me

Shame on you-close your eyes to see shame on you shame on you
Shame on you shame on you shame on you
To keep my love from me
When you close your eyes to see
You block your heart to me?
You changed his name to a number?
But he survives a child
