Spice Girls, Pain Proof

Shake around the world
Time or two
That’s more then you ever knew
We can taste our race
Make … wild
Make no apologies for the given lies

Stick and stones
Are break our bones
But baby …

We’re Pain Proof
Nothing can touch us
So take a shot
Baby, that’s all right
We’re Pain Proof
I guess, we must be
We used to worst
You can do
We’re Pain Proof

I was talkin’ about the … look
But I’ve faced to the fact
Coz you know your hood
Slipping’ in your car
Right outside my door
From why that sudden interest?
I’ve never seen you before

You can’t twist our world
Put our .. and fuss
It been them ..
Always be in the news

We’re Pain Proof
Nothing can touch us
So take a shot
Baby, that’s all right
We’re Pain Proof
I guess, we must be
We used to worst
You can do
We’re Pain Proof
