Bijou Phillips, I Own You

Don't tell me that I'm not yours
'Cause I am of course
And you know it doesn't matter
But you want it to

You knew exactly
You knew exactly what to say

'Cause I own you
Yes, I made you
And I'd leave you
If I wanted to
And I'll break you
Yes, I'll take you
'Cause I keep whatever I want to
'Cause I own you

So tell me that I'm beautiful
Well, you're pretty too
And if I'm so undependable
Don't depend on me

I know exactly
I know exactly what to say

'Cause I own you
Yes, I made you
And I'd leave you
If I wanted to
And I'll break you
Yes, I'll take you
'Cause I keep whatever I want to
'Cause I own you

I know exactly
I know exactly what to say

Cause I own you
Yes, I made you
And I'd leave you if I wanted to
And I'll break you
Yes, I'll take you
'Cause I keep whatever I want to
But I love
And I need you
And nobody cares just like you do
Though I scold you
I still hold you
Like nobody else could ever do
'Cause I own you
