Arcwelder, All My Want For Need

(s. macdonald)
Life will have to go on
With or without you here
I've known it all along
And now it all seems clear

All my want for plans
you don't understand
All my want for need
overcome by greed

You burn your bridges down
And yet you won't free me
Same life different town
As far as I can see

Unless you give it all
I don't want to fall
Unless your feelings grow
I don't want to know

Take a step back
And open every door
If the room is black
Will I be assured

All my want for plans
you don't understand
All my want for need
overcome by greed

And I've tried to tell you
About what I go through
But I take the fall
Cause I want it all
If I mean something
But it's only passing
Could you really blame me
If I set myself free
Will my heart grow fonder
I can only wonder
And the point I've come to?
Happier without than with you
When you say you love me
I can hear but can't see
And I want to scream it
Do you really mean it
