(feat. T.I.)

Its goin down tonight

Baby I love the way, youre  
Lookin at me, lookin at me  
Youre so amazing, you gotta  
Give it to me, give it to me  
You touch, every single part of me  
Ill touch, every single part of you  
I wanna make sure that youre  
Gonna wanna come back for more

Baby I can tell, youre  
Feelin me, feelin me  
Your bodies callin  
Whats your fantasy, fantasy  
You touch, every single part of me  
Ill touch, every single part of you  
Hey girl stop playin games  
And meet me at the door

Do you wanna get down

[Chorus]  
Do you wanna get down  
Do you wanna get down tonight  
You can bring your own girl if you like  
Dont be scared girl, I wont bite  
Cause Im gonna bring it out of you  
All the freaky things inside of you  
Its going down tonight  
I said its goin down tonight  
Yes, Yes, its goin down tonight

Girl when we meet, youre a  
Regular girl, regular girl  
Takin you to places, youve never  
Been before, been before  
Ill do, freaky things you like  
Youll do, freaky things I like  
Im gonna make sure that youre  
Gonna wanna come back for more

Lets try to keep this, between  
Me and you, me and you  
No need to tell, unless were  
Coming to, coming to  
Well do, freaky things tonight  
Well do, freaky things I like  
So girl stop playin games  
And meet me at the door

Oh baby, baby

[Chorus]

Hey yo  
shakin that body like its, Jell-o  
Shorty bout to make the twelve lose control  
We all up in the club like, ayo  
Workin like a stripper like, oh woo oh  
Come and take a sip of that, oh woo oh  
Shes all over me like, oh woo oh

In the V.I.P im like do it baby, shake it baby, drop it baby, shake it baby  
Yah, yah, yah, yah

[T.I]

Peel to the T in the V.I.P  
Everybody drinkin in the bar on me  
I spot a group of ladies with they eyes on me  
And I aint gotta pick one, I can have all three  
Like, whats happenin ladies, I was seein you choosin  
Cant help but thinkin of you 3 in the noonin  
Lets skip the game, cut that out of confusion  
Im tired of talking over all this loud music  
Now lets go somewhere where we all can lose it  
Listened to my offer and they couldnt refuse it  
Got in the two do, started cruisin  
We blew dro and they started removing  
They wardrobe, they topless now  
About 2 of those is poppin now  
Touch here, kiss there, no stoppin now  
She licked there and got her underwear broughten down

Oh baby

[Chorus X2]
