Blink-182, Peggy Sue

I know what it's like to be alone sitting in your room
Listening to all those doubts that your parents have to say to you

And then your head gets all cluttered inside
Trying to stay awake
Everything they say are lies
That's all the shit that you ever have to take

So hold in all your aggresion
Because your grinding your teeth on down to
The bottom of your chin
It's not easy or so damn pleasing
To not laugh at everything they say as
They tell you what to be you're not alone

I know what it's like to be denied at everything you do
It's not the same reason why
That makes you change the things that you once knew

As your head gets all cluttered inside
You give more than you take
Everything they say are lies
That's all the shit that you ever have to take

So hold in all your aggresion
Because your grinding your teeth on down to
The bottom of your chin
It's not easy or so damn pleasing
To not laugh at everything they say as
They tell you what to be you're not alone

You say you want to take off your shoes as you
Walk barefoot down the street
Just to be the things that you can't be
Just live for one more week (Go!)

You say you want to take off your shoes as you
Walk barefoot down the street
Just to be the things that you can't be
Just live for one more week

So hold in all your aggresion
Because your grinding your teeth on down to
The bottom of your chin
It's not easy or so damn pleasing
To not laugh at every word they say that
They tell you what to be you're not alone
