

# 112, Nowhere

If ever you wondered  
If ever you were nervous about it  
You gotta know,  
I aint never,  
Lemme say that again,  
I aint never, goin nowhere  
Listen to me

Last night I almost cried when you told me  
That you think you love me more than I love you  
Sometimes it hurts to carry that burden alone  
Lets be clear and get a few things straight  
No ones ever gonna take your place in my heart  
Nothing can measure the love that i've got for you  
Im telling you

When im out in the club at night  
You dont have to worry about a thing  
Cuz I aint goin nowhere, I aint goin nowhere,  
So my heart is telling me that you are the one  
that im gon be with for the rest of my life  
And I aint goin nowhere  
I know you've heard it all before  
You dont have to worry no more  
Cuz I aint goin nowhere  
Baby just trust me  
As long as you love me  
I aint never goin nowhere

I was lost and abandoned  
Searching for the truth  
Looking for that missing one  
That missing one was you  
The road was so tough  
But you gave it up  
Untill I found you and you made it  
Worth the wait and worth the years  
Worth the strength and worth the tears  
And you dont know the half of it  
But baby heres the rest of it

Did you know that your a gift far brighter than the sun?  
Did you know that your a blessing, and im the lucky one  
Did you know that I could never ask for a better love  
Did you know that I would die, before I broke your heart  
Did you know that if you left me, my world would fall apart  
And never come back together, baby thats for real  
So the next time that you tell me, you'll remember this

When im out in the club at night  
You dont have to worry about a thing  
Cuz I aint goin nowhere, I aint goin nowhere,  
So my heart is telling me that you are the one  
that im gon be with for the rest of my life  
And I aint goin nowhere  
I know you've heard it all before  
You dont have to worry no more  
Cuz I aint goin nowhere  
Baby just trust me  
As long as you love me  
I aint never goin nowhere

When im out in the club at night  
You dont have to worry about a thing

Cuz I aint goin nowhere, I aint goin nowhere,  
So my heart is telling me that you are the one  
that im gon be with for the rest of my life  
And I aint goin nowhere  
I know you've heard it all before  
You dont have to worry no more  
Cuz I aint goin nowhere  
Baby just trust me  
As long as you love me  
I aint never goin nowhere
