Barbara Mandrell, Getting Over A Man

(Morgan Ames - Clydene Jackson)

I'm only human
You look so good to me
I want to love you
But I'm not sure I can
I'm gettin' over a man
I'm bein' careful
Just goin' easy
And putting my life in to order
I'm makin' new plans
I'm gettin' over a man

Don't bring me no flowers
Don't call me back in an hour
I'm not home
I'm not ready for somebody new
Not even you
It's a little too soon
I'm gettin' over a man

You're so good lookin'
You're really temptin' me
It's been too long since somebody gave a damn
Since I wanted a man
I'm gettin' nervous
I see you comin'
And I ought to get up and grab you
But please understand
I'm gettin' over a man

Don't treat me so gentle
Don't make me all sentimental
I don't know
I'm not ready for somebody new
Gimme some time
But don't go away
Gimme some time
Cause tomorrow's another day
It's a little too soon
I'm gettin' over a man
