Tricky, I Sing For You

(From the Hollywood show 1/25/97, long version of Vent with other lyrics)
And i don't wanna say "Jew"
Cos I've a [poor piece of paper]
But i think i can say what i want
Cos i am what i am
Cos i am what i am
I can say anything
I don't need to write chorus and verses
Making some cash
Making some purses
And I'll make money
For the money
To go on
Make some money
Make some guns
Make some bombs
Make some guns
Make some bombs
You know how we like it
You know how we [zoo]
You know how we like it
It's like, uhm, I make a money
For the money
For the money
To go on and make some money
Make some guns
Make some bombs
You know how we like it
You know how we [zoo]
I'll make a money
For the money
For the money
To go on and make some money
Make some guns
Make some bombs
You know how we like it
You know how we [zoo]
You know how we like it
You know how we [zoo]
I don't sell records
I sell guns
I sell guns
For the funds
I don't sell records
I sell guns
I sell guns
For the funds
I don't sell records
I sell guns
I sell guns
For the funds
It's a corporate company is
Keepin' us company
I do as they say
And i stay alive
[Help me] survive
[The pure ghetto of the beasts]
They're sacred and obese
They go to mexico
It's like, uhm, I'm making money
For the money
To go on and make some money
Make some guns

Make some bombs
Make some guns
Make some bombs
You know how we like it
You know how we [zoo]
I'm makin'
Money for you
So you can kill a jew
So you can kill a asian
So you can kill my radio station
So you can kill a energy
And kill my enemy
And kill a energy
And kill my enemy
I'm makin'money for you
So you can kill a jew
So you can kill a asian
Kill my radio station
Yo kill my energy
And kill my enemy
And kill a asian
Kill my radio station
It's like
I'll make a money
For the money
To go on make some money
Make some guns
Make some bombs
You know how we like it
You know how we [zoo]
You know how we like it
You know how we [zoo]
You know how we like it
