Beck, Black Tambourine (Remix by South Rakkas

Black tambourine
Doo doo doo doo
Black hearts in effigy
We sing the song that was hated
All dressed in rag and bones
Sharks smell the blood that I'm bleedin'
I know there's something wrong
Might take a fire to kill it
Might take a hurricane
Don't know the life that I'm leavin'
Oh, oh, oh black tambourine
Oh, oh, oh black tambourine
Doo doo doo doo
My baby run to me
She lives in broken-down buildings
Can't pay the rent again
These spider webs are my home now
And when the sun is down
We'll shake and rattle our bodies
To keep it warm at night
My tambourine is still shaking
Oh, oh, oh black tambourine
Oh, oh, oh black tambourine
Doo doo doo doo
Doo doo doo doo
Black hearts in effigy
We sing the song that was hated
All dressed in rag and bones
Sharks smell the blood that I'm bleedin'
I know there's something wrong
Might take a fire to kill it
Might take hurricane
Don't know the life that I'm leavin'
