Von Bondies, Earthquake

So glad to meet you baby
Let's start things over
and then i reach out honey
to send you over
This bad heart
This jealous love turn madly
better not fuck with us who's sorry?
you're sorry
so sorry
This is no earthquake honey
you just get sober
Why want you, wake up Baby?
We're taking over
(Thank you enough)
(Thank you enough)
(Thank you enough)
Will keep it arms linked baby
as we grow bolder
I'm so tired honey
Thank god here over
This bad Heart
This tainy Love turn madly
better not fuck with us who's sorry?
you're sorry
so sorry
This is no earthquake honey
you just get sober
Why want you, wake up Baby?
We're taking over
This isn't shame now
This is a plilight in your eyes
This is no earthquake honey
You just get older
older and older
ooooh oohhh ohh oh
This is no earthquake honey
you just get sober
I haven't seen you lately

This is a shakedown
This is a dawning of your life
This is a earthquake honey
This is now our time (Who's sorry now?)
This is a shakedown (Who's sorry now?)
This is a plilight in your eyes (Who's sorry now?)
This isn't over (Who's sorry now?)
